Natural Hazards **20:** 323–324, 1999.

Contents of Volume 20

Volume 20 No. 1 1999

A. MARTIROSYAN, S. BALASSANIAN, R. SIMONIAN and L. ASATRYAN / Computation of Probabilistic Seismic Hazard for the GHSAP Test Area 'Caucasus' 1–20

KHALID A. BANKHER and ABBAS A. AL-HARTHI / Earth Fissuring and Land Subsidence in Western Saudi Arabia 21–42

S. YU. BALASSANIAN, M. G. MELKOUMIAN, A. R. ARAKELYAN and A. R. AZARIAN / Seismic Risk Assessment for the Territory of Armenia and Strategy of its Mitigation 43–55

L. LUZI and F. PERGALANI / Slope Instability in Static and Dynamic Conditions for Urban Planning: the 'Oltre Po Pavese' Case History (Regione Lombardia – Italy) 57–82

RAISSA KH. MAZOVA and JORGE RAMIREZ F. / Tsunami Waves with an Initial Negative Wave on the Chilean Coast 83–92

Volume 20 Nos. 2–3 November 1999

Special Issue on
TECHNIQUES AND TOOLS FOR ASSESSING AND MAPPING NATURAL HAZARDS

Edited by
ALBERTO CARRARA
CNR-CSITE, Bologna, Italy

FAUSTO GUZZETTI
CNR-IRPI, Perugia, Italy

Preface v–vii

BRUCE D. MALAMUD and DONALD L. TURCOTTE / Self-Organized Criticality Applied to Natural Hazards 93–116

A. CARRARA, F. GUZZETTI, M. CARDINALI and P. REICHENBACH / Use of GIS Technology in the Prediction and Monitoring of Landslide Hazard 117–135

C. J. VAN WESTEN, A. C. SEIJMONSBERGEN and F. MANTOVANI / Comparing Landslide Hazard Maps 137–158

M. PARISE and J. WASOWSKI / Landslide Activity Maps for Landslide Hazard Evaluation: Three Case Studies from Southern Italy 159–183

MARCO LAZZARI and PAOLO SALVANESCHI / Embedding a Geographic Information System in a Decision Support System for Landslide Hazard Monitoring 185–195

M. ARATTANO / On the Use of Seismic Detectors as Monitoring and Warning Systems for Debris Flows 197–213

G. M. CRISCI, S. DI GREGORIO, F. NICOLETTA, R. RONGO and W. SPATARO / Analysing Lava Risk for the Etnean Area: Simulation by Cellular Automata Methods 215–229

GIUSEPPE MENDICINO / Sensitivity Analysis on GIS Procedures for the Estimate of Soil Erosion Risk 231–253

S. SALVI, F. QUATTROCCHI, C. A. BRUNORI, F. DOUMAZ, M. ANGELONE, A. BILLI, F. BUONGIORNO, R. FUNICIELLO, M. GUERRA, G. MELE, L. PIZZINO and F. SALVINI / A Multidisciplinary Approach to Earthquake Research: Implementation of a Geochemical Geographic Information System for the Gargano Site, Southern Italy 255–278

DANIELA DUCCI / GIS Techniques for Mapping Groundwater Contamination Risk 279–294

C. C. GIARRUSSO, E. PUGLIESE CARRATELLI and G. SPULSI / Assessment Methods for Sea-Related Hazards in Coastal Areas 295–309

A. MARANI, F. BENVENUTO and M. CERASUOLO / Database of the Project "*Sistema Lagunare Veneziano*" 311–321
